ABOUT THE REAGAN FOUNDATION AND INSTITUTE

The Ronald Reagan Presidential Foundation and Institute (RRPFI) is the sole nonprofit organization created by President Reagan charged with advancing his legacy and principles – limited government, individual liberty, economic opportunity, freedom and democracy, peace through strength, and national pride.

RRPFI has an exceptional track record of success with bipartisan convenings of private sector and government leaders, including through the annual Reagan National Defense Forum, which brings together leaders from across the political spectrum and key stakeholders in the defense community, including Members of Congress, current and former Administration officials, senior military leadership, industry executives, technology innovators, and thought leaders.

A globally recognized nonpartisan organization based in Simi Valley, CA, with a leading policy institute in Washington, DC, RRPFI delivers impactful public affairs programming, policy convenings and projects of national and international significance, and distinctive educational initiatives. In addition, RRPFI sustains the Ronald Reagan Presidential Library and Museum, the largest and most visited presidential library, which routinely hosts major special exhibitions.

An hour from Los Angeles International Airport, RRPFI's Simi Valley campus sits on 400 acres, serves as the final resting place of America's 40th President and former First Lady Nancy Reagan, displays a chunk of the Berlin Wall, and houses the plane President Reagan flew as Air Force One to 26 countries. Onsite are the Reagan Center for Public Affairs, Presidential Learning Center, Air Force One Pavilion, and the Reagan Leadership Academy.
