George Washington Poem

I am George Washington.
Have you heard of me?
I fought in the Revolution
And helped us to be free.
I served as the first president
And led the U.S.A.
"The Father of Our Country"
Is what I'm called today.

Abraham Lincoln Poem

Abraham Lincoln is my name,
And you honor me today.
I was the 16th president
Of the U.S.A.
Some call me "Honest Abe"
For my sense of right and wrong.
I led us through the Civil War
And kept the Union strong.
The love I have for this great land
Is what caused me to fight
To keep this country standing strong
And seeking what is right.

The Seal of the President of the United States: The mark correspondence from the president of the United States to the U.S. Congress, and is also used as a symbol of the presidency itself. The central design, based on the Great Seal of the United States, is the official coat of arms of the U.S. presidency and also appears on the presidential flag. The presidential seal developed by custom over a long period before being defined in law, and its early history remains obscure.^[1] The use of presidential seals goes back to at least 1850, and probably much earlier.

The Ronald Reagan Library: The Ronald Reagan Presidential is the largest of the 13 federally operated presidential libraries, containing millions of documents, photographs, films and tapes. There is a permanent exhibit covering the President's life, as well as memorabilia such as Air Force One, the aircraft personally used by the president, and a section of masonry from the Berlin Wall.

The Berlin Wall: The Berlin Wall was a guarded concrete barrier that physically and ideologically divided Berlin from 1961 to 1989. Construction of the wall was commenced by the German Democratic Republic on 13 August 1961. The Wall cut off West Berlin from surrounding East Germany, including East Berlin. The Berlin Wall was taken down on November 9, 1989. The Berlin Wall was about 168 kilometers (104 miles) long.

President Reagan's Air Force One: Following its retirement, **SAM 27000**, the plane used by Presidents Nixon through George W. Bush, was disassembled and shipped to the Ronald Reagan Presidential Library in Simi Valley, California. President Reagan flew over 660,000 miles – to 26 foreign countries and 46 U.S. states. This Flying White House, tail number 27000, served seven U.S Presidents from 1973 to 2001, including Presidents Nixon, Carter, Ford, Reagan, George H.W. Bush, Clinton and George W. Bush. For Ronald Reagan, this was the plane in which he hand-wrote many of his speeches, signed important legislation and even officially started the Daytona Beach, Florida NASCAR race via phone.
