These 11 high school graduates will receive \$10,000 per year for up to four years toward college expenses. To date, the scholarship program, now in its 13th year, has awarded \$8.62 million to 216 students from 42 states and attending 120 undergraduate campuses. 2023 recipients, along with members of the 2020 and 2021 classes, were recognized at an exclusive Scholars Retreat at the Reagan Library, including leadership-development activities, a community service project, and a formal awards program.

To qualify students must:

- Demonstrate the attributes of leadership, integrity, drive, and citizenship within their communities, schools, and workplaces
- Display strong academic performance
- Be citizens of the United States of America
- Be current high school seniors attending school within the United States and graduating in the current academic year

- Plan to enroll in a full-time undergraduate course of study at an accredited four-year college or university in the United States for the entire upcoming academic school year

“Each year, we are proud to recognize some of the nation’s most dynamic young leaders through the GE-Reagan Foundation Scholarship Program,” said Janet Tran, Chief Learning Officer, Ronald Reagan Presidential Foundation and Institute. “The character, leadership, and tenacity of the class of 2023 was particularly inspiring, and we are eager to see them showcase these qualities in college and beyond.”

“As the network of exceptional GE-Reagan Foundation Scholars grows, we are proud to play a role in deploying some of the most promising young leaders on college campuses across the country,” said Julie Grzeda, Director of Early Career Talent at GE Aerospace. “We are confident these extraordinary young people will be a force for good over the next four years and well into their professional careers.”

The GE-Reagan Foundation Scholarship Program has been cited by U.S. News and World Report as one of four “huge scholarships worth \$10,000 or more” that students should seriously consider.
